Regular Price - \$134.00/ea,

Special New Product Price - \$124.00/ea

NEW state of the art bearing slider. New (Outlaw) bearing allows for less maintenance and higher load rating. The (Outlaw) bearing uses aircraft technologies to produce the smoothest bearing on the market. The outlaw bearing can run 20X more side load than the standard liner bearing and has 5 times the life of a standard bearing. Features: Outlaw bearing, Double lip dirt seal, 5/8" harden shaft, Pin release lock nut, Slotted top plate, Floating lower plate, 2" high spring retainers, Totally sealed tube for less maintenance. BSB will rebuild the Outlaw Sliders for the cost of Parts, contact M/R for details.

BSB Bearing Birdcage – BSB7320

Regular Price - \$210.00/ea,

Special New Product Price - \$199.00/ea

BSB's new bearing birdcage is the lightest steel bearing cage on the market. This birdcage has a newly designed hus which allows for less bolts and more clearance. You have the ability to lock this cage up and use it as a two link or you can use it for a swing arm or just a good old 4 bar birdcage. The two 1/2" thick steel collar work as retainer rings when used as a 4 bar bidcage, but when used as a 2 link you must weld them to the axle tube. Comes with 3.008 size bearing.

BSB Bearing Birdcage – BSB7100

Regular Price - \$210.00/ea,

Special New Product Price - \$199.00/ea

All of the same great features as the BSB7320, but stronger at the bottom. Single row of upper holes. 3/4" holes in lower for 2 links. Works on both right and left side. Comes with 3.008 size bearing.
